## *Generations of the Shoah International Newsletter*

May, 2016

Dear Members and Friends,

*GSI* mourns the passing of Frederick Mayer, the German-Jewish refugee-turned-spy. Mayer was the last surviving member of OSS *Operation Greenup*, one of the most successful American espionage operations during World War II. Impersonating a German officer in Austria, Mayer was able to gain critical information on the movement of 26 trains en route to the Italian front via the Brenner Pass. The Allies were able to destroy that entire transport and for this Eisenhower credited Mayer with shortening the war by six months. However, the Germans realized there was a spy and Mayer got picked up by the Gestapo. Despite being tortured he never disclosed the location of his team. While a prisoner, Mayer convinced the Gauleiter (leader) of Innsbruck to surrender and crossed battle lines to bring those terms to the Allies. No civilian lives were lost. For this Mayer was awarded the Order of the Tyrolean Eagle which honors people who are of particular political, economic or cultural importance for the Tyrolean state. For more on Fred Mayer, see the articles and video in the FYI section below.

We have a list of Yom Hashoah V'Hagvurah commemorative events below. Please remember there are survivors in need and your financial support to your local Jewish Social Service agency can go a long way. Also, there are memorials and museums in your communities that could benefit from your donations. As always, if you feel well served by *GSI* please pass it forward and give generously to the institution of your choice.

Save the date! We are putting together programs of particular interest to the survivor family community for the joint ***GSI, World Federation of Jewish Child Survivors of the Holocaust and Descendants*** and ***Kindertransport Association*** conference in Los Angeles, CA, November 4 – 7, 2016. This will be a very special intergenerational, international family reunion and we will focus on what roles each generation can play today as we plan for the future. ### ***FYI...* Yad Vashem Online for Holocaust Remembrance Day**

As in years past, Yad Vashem has launched a [mini-site marking Holocaust Remembrance Day](#) with a variety of resources for the public, including the central theme, photo galleries of official events, the stories and videos of the torchlighters, educational materials, names for name-reading ceremonies, related online exhibitions and *Snapshots of Memory*, images of the Yad Vashem campus throughout the day.

Yad Vashem's Virtual School has also uploaded a dedicated subsite for this day, which comprises a range of [pedagogic materials](#) relating to Yad Vashem's annual theme, *The Struggle to Maintain the Human Spirit during the Holocaust*. Included are a playlist of educational videos, with excerpts from the Holocaust Education Video Toolbox and links to additional information on each segment, as well as a wealth of educational resources in English and nine other languages.

**FYI...** For those interested in how the history of the Holocaust is being approached in countries of sub-Saharan Africa, this link is a good example of a project run by UNESCO with the Ministry of Education of Côte d'Ivoire, that has committed to introducing the subject “génocides et violences de masse” in the education system. Similar projects have taken place or are in preparation with several countries of the region at the initiative of UNESCO.
