Dear Members and Friends,

This edition references two news stories of particular interest: the number of Jews murdered during the months of August – October 1942, and the Israeli study indicating that Holocaust survivors live an average of seven years longer than their Israeli peers. There are several articles, from different countries, in the FYI section below.

*GSI* continues to grow, both with newsletter subscriptions and on Facebook. We are always delighted to welcome new members to our extended “family”. Thank you for spreading the word about the work we do!

Please send your Yom Hashoah program information in for this newsletter. In the box below you will find the link for event submissions. Thank you.

ANNOUNCEMENTS

The Kindertransport Fund opened on January 1, 2019 and began processing eligible applications.
