Dear Members and Friends,

As we approach 2021, and also mark our 18th anniversary year, we will be introducing a new feature. We invite survivor and descendant groups to send in a paragraph introducing themselves and sharing what they have been doing to keep their communities together during the pandemic. We will start by featuring the group in Auckland, New Zealand. Please visit the FYI section below to learn about our brothers and sisters in that part of the world.

We wish you good things for this new year and hope you go from strength to strength as you continue your efforts in Holocaust education, commemoration and remembrance.

Stay safe and be well,
Generations of the Shoah International (GSI)

Membership in our interactive leadership listserv is open to leaders / representatives of landsmanschaften and other Holocaust-related groups. If your local survivor, second generation or third generation group has not yet delegated a representative to join the GSI interactive online discussion / listserv group, please join us now. We already have dozens of members throughout the USA and from other countries. This global interactive listserv is the fastest way to reach the survivor community: genshoah@gmail.com.

For event submissions: www.genshoah.org/contact_gsi.html. Please fill out the information requested in the text areas and submit it to us at genshoah@gmail.com. You must send us your information no later than the 23rd of the month if you wish for it to appear in the upcoming month’s issue.

To search the newsletter by geographic area: Search by country for programs outside the USA or use the city and / or state abbreviations for those areas in the USA.

All times listed below are local unless otherwise stated.

Visit our GSI website at www.genshoah.org for updated information on new books, films, helpful links to Holocaust-related organizations and institutions, etc. Survivors, their children and grandchildren are welcome to post contact information for their local groups on our website.
**GSI** has an “open” Facebook group that anyone can join and invite others to join. Feel free to introduce yourself to your brothers and sisters in the survivor community and communicate directly with them without having to be cleared by a third party. Use the group to find old friends and relatives. Join us and meet new friends. Our page is visible to Facebook members at [www.facebook.com/groups/genshoah/](http://www.facebook.com/groups/genshoah/). Joining Facebook is free and easy: [www.facebook.com](http://www.facebook.com).

**ANNOUNCEMENTS**

The **Municipal Library in the Nuremberg Education Campus and the Nuremberg Jewish Community** has in its holdings a considerable amount of books that were robbed from their owners - persons or corporations - during the years of persecution between 1933 and 1945. These writings in Collection IKG represent an important historical monument and legacy. As a result of a very complex long-term project, they were able to return more than 800 books to many of the previous owners or their legal successors who now live in 11 countries around the world. Today, 75 years after the end of the war and the tyranny, they ask once more to do a little justice to the victims after all this time. This project was, is and will remain pro bono, there are no costs for the applicants. Please read the latest **Search List** on the homepage of the city library and make this project known to your friends and partners by posting this link on your pages. Many people are still waiting for these fragments of memory. [https://www.nuernberg.de/internet/stadtbibliothek/sammlungikg.html](https://www.nuernberg.de/internet/stadtbibliothek/sammlungikg.html)

FYI… Please meet the 2G group in New Zealand
The Auckland Second Generation Group started in 1994 and has been active since then. We have just over 100 members on the mailing list which does include some in other parts of NZ and a few overseas members as well. We started with sharing meetings as we explored our feelings about being 2 G. We then included talks from members who had returned to the former family areas in Europe. These days we tend to have talks or discussions rather than straight sharing meetings although every talk ends in discussion. We have had a number of members write 2 G books, mostly memoir style but also one novel drawing on the 2 G. We also have produced a book ourselves called Mixed Blessings – Children of Holocaust Survivors Remember. We have been surprised at how our membership list has grown with people joining who are unaffiliated in the Jewish community but who have or had one Jewish parent who survived the Holocaust. Lately we are noticing Israelis who have moved to NZ joining our group. We have been supporting a new group become established in Wellington, NZ that has started in the past few years. As the first generation disappears it is becoming more important for the second generation to start talking in schools and we are working closely with the Holocaust Centre of NZ in this regard.
