Dear Members and Friends,

As always, GSI will distribute a summer edition of the newsletter in July that will include August events. If you have program information for July, August, September and October you can submit it now. Guidelines for submissions are in the box below. We also accept links to archived programs. Please send the date, title and link to archived programs for inclusion in our next edition.

Several members of the GSI Coordinating Council participated in Liberation75: The Future of Survivor Communities. Esther Finder opened the panel How to Tell Your Parents’ Stories though she is not identified in the video. See these and other recorded programs on the Liberation75 Virtual Library.

The Arolsen Archive, the world’s largest Online Archive of documents on victims and survivors of National Socialism, has reached out to GSI for help to spread the word about their new initiatives. They are creating a digital memorial to the victims of the Nazis in their Every Name Counts program and would like volunteers (survivors, descendants, educators, students, etc.) to help transcribe information from their historical documents. For educators this is a unique opportunity for your students to work directly with primary source materials.

If you would like to share information about your local Shoah survivor community group, please send us a paragraph describing your activities: gsi@genshoah.org or genshoah@gmail.com.

Stay safe and be well,

Generations of the Shoah International (GSI)
