Dear Members and Friends,

It was the Germans who in 1941 invaded Ukraine. Then it was the Russians who last month by land, sea, and air invaded Ukraine, intending to topple the Ukraine government.

As an international organization of Holocaust survivors and the descendants of those who experienced Nazi oppression, we are deeply concerned for the immediate welfare of Holocaust survivors in Ukraine, as well as all its citizens, all of whom will be impacted by Russian military aggression. Having already experienced unimaginable suffering during the Holocaust, and then under Communism, they once again find themselves in need of sanctuary.

We are also dismayed by President Putin’s justification for the invasion of Ukraine, as being to de-Nazify the country. This offensive re-writing of history is Holocaust distortion and callously overlooks the Molotov-Ribbentrop pact through which the Soviet Union established an alliance with Nazi Germany and proceeded to occupy Poland endangering the lives of millions of Jews. It also implies that Russia has today successfully rid itself of fascism and antisemitism.

We denounce the unprovoked aggression attack on Ukraine and stand in firm solidarity with the peace-seeking, Democracy loving Ukrainian people, especially our Jewish brothers and sisters. We pray for their safety, and a quick and favorable resolution to this conflict.

Please remember to send in your program information for upcoming Yom Hashoah commemorations. The form for event submissions is in the box below.

Thank you, and be well,

Generations of the Shoah International (GSI)
