Dear Members and Friends,

The World Federation of Jewish Child Survivors of the Holocaust & Descendants (WFJCSHD) will resume their in-person conferences on November 4-7 in St. Louis, Missouri. As always, this is a “family reunion” where we can explore how our life experiences as survivors / descendants have made us unique. This conference should be exceptional as, among the plenary speakers will be representatives from both the US Holocaust Memorial Museum (USHMM) and the USC Shoah Foundation Institute (Shoah Foundation) will be on hand to help instruct us on how to access their institution’s information and resources for researching our family histories. This should help us fill in some of our missing history and also provide us with information for family memoirs or public presentations in schools, etc. Most of the guidance will be provided in a group setting but personal appointments may be available during, and can be scheduled for the weeks after, the conference. Please see the conference listing below for more details and registration information.

COVID is still raging and much of the northern hemisphere is dealing with extreme heat. We hope this edition of the newsletter finds you well and comfortable. Please stay safe.

Thank you, and be well,
