Dear Members and Friends,

In honor of our special anniversary, we will again have a series of guest authors and filmmakers join us on Facebook on a monthly basis. Our first guest is our own Tali Nates who is founder and director of the Johannesburg Holocaust & Genocide Centre (JHGC) and Chair of the South African Holocaust & Genocide Foundation (SAHGF). Tali is a historian who lectures internationally on Holocaust education, genocide prevention, reconciliation, and human rights. Born to a family of Holocaust survivors, her father and uncle were saved by Oskar Schindler. She has been involved in the creation and production of dozens of documentary films, published many articles and contributed chapters to different books. She serves on many Advisory Boards including that of the Academic Advisory Group of the School of Social and Health Sciences, Monash University (IIEMSA), South Africa, and the Interdisciplinary Academic Journal of Babyn Yar Holocaust Memorial Center.

Note: because of the Jewish High Holidays, Tali will begin October 17th. To become part of the conversation just click on the “JOIN our discussion group” tab above. Every month we will introduce the current guest but our guests for the rest of 2022 include 3G Adena Astrowsky (November) and survivor Pinchas Gutter (December).

We also want to announce that GSI was instrumental in the formation of the Holocaust Intergenerational Global Coalition (HIGC). This group is comprised of members of four multinational umbrella organizations: GSI, World Federation of Jewish Child Survivors of the Holocaust & Descendants (WFJCSHD), 3G Descendants of Holocaust Survivors, and Red LAES (Red Latinoamericana para la Enseñanza de la Shoá). We have come together to help each other as we carry on the legacy of the Shoah. This coalition extends from Israel to Australia and the Americas.

We will periodically include information on the many groups that make up this coalition. This month we will hear from our extended family in Uruguay.
The World Federation of Jewish Child Survivors of the Holocaust & Descendants (WFJCSHD) is happy to welcome the intergenerational survivor community to its first in-person conference since Covid. This international conference will be November 4 – 7 in St. Louis, Missouri. Please see the conference section below for more information and registration. Speakers include representatives of the US Holocaust Memorial Museum and the USC Shoah Foundation who will share with us how to use their vast resources as well as Dr. Irit Felsen, Dr. Yonit Hoffman, Dr. Charles Silow, and Jonathan Ornstein, Director of the Krakow JCC. There will be workshops for survivors, second and third generation to be able to talk and share with one another. There will be seminars for memoir writing and speaker training for all the generations.

We are now accepting Kristallnacht commemoration program information. Kindly use the link for event submissions that appears in the box below.

Thank you, and be well,

*Generations of the Shoah International (GSI)*

FYI... El Centro Recordatorio del Holocausto de Uruguay

The Holocaust Memorial Center of Uruguay was created in 1953 by survivors of the Shoah who arrived in this country and felt they could only be together to have a common language to be understood after all they had suffered.

The institution is represented by the Museum of the Shoah in Uruguay and our Shoah Library called Simón Wiesenthal. There is a very relevant fact about this Museum that should be highlighted: it was the first and only Shoah Museum in South America until the year 2000.

On November 28, 2019, the Museum was renewed and re-inaugurated for the fourth time. Our institution is a non-profit legal entity organization whose mission is to keep alive the memory of the terrible experiences suffered under the Nazi regime and transmit its teachings to the younger generations, so that the horrors generated by hate and intolerance will never be repeated.

It is an honor for us, and we are grateful to have the possibility to divulge our information through the Holocaust Intergenerational Global Coalition to reach survivors and their descendants all over the world.

Locker of Memory combines history, science, technology, and art to create the first virtual tour into the Jungfernhof concentration camp, the first Nazi concentration camp established in Riga, Latvia under German occupation. Site contains 3-D tour, audio tapes, interviews with living survivors, and multiple videos of the history of the site, and of the earliest deportations to Riga.
