Dear Members and Friends,

There were many moving Holocaust commemorations last month. Some of them were recorded and are available in the FYI section below.

Our thanks to Karen Kruger for being with us on Facebook in April. We now turn our attention to our May guest Esther Safran Foer. Esther is the daughter of Holocaust survivors, born in post war Europe, and the author of the memoir “I Want You to Know We’re Still Here”. The book was a National Jewish Book Award finalist and named one of the best books of the year by NPR and the Religion News Service. It was a BBC Radio book of the week.

Esther and her husband, Bert Foer, are the parents of three sons (authors Frank, Jonathan, and Joshua Foer), and the grandparents of seven. Jonathan Safran Foer, their middle son, wrote the international best seller, “Everything is Illuminated”, a fictionalized version of their family’s Holocaust history published in 2002 which was turned into a major motion picture. Esther’s research produced the family’s actual story in her 2020 book which has now been published in eight languages.

In June we will end our guest visits and, in honor of Holocaust Survivor Day, share stories of the Holocaust survivors who have inspired us. We will have more information on this next month.

We hope you will join the discussion: GSI book / film discussion group | Facebook

Thank you, and be well,

Generations of the Shoah International (GSI)
